

New sda logo :They claim the flames represent three angels? Where do you see three angels? It is interesting how it shapes like a triangle or pyramid: this logo has five occult symbols including the sun fire worship. take this symbol to

any new age christian and he will say "welcome brother"
The sda church graduate's the teens or members to sun worship:

Jungian psychology (symbols) the whole world is using them, just look on all your household items and food items or watch on the TV for these symbols, this is subliminal hypnosis, but especially the SDA church is using them to change the belief's of there members without there knowing it or their consent ! These symbols work just like subliminal messages to bypass the conscious mind but are read by your sub-conscious mind. The plan is to use symbols to change the members from Saturday worship to sun-day worship. They train their pastor's at the seminary to learn psychology they want to control the people's minds instead of praying for the Holy Spirit to guide them, they have thrown Him out and gone to the world and learned how to take control of minds to mold and shape them. This should be illegal to do this, but they are, we have the proof on their magazines. We will give you a quick study on symbols : what they look like, and how they work on the mind: see NLP article by the adventist review admitting they use Neuro-linguistic Programming --hypnosis ([click here](#)) (Sorry-the site was shut down.)

1. Symbols imply information : example a business card
 2. Symbols are a short cut to communication often tying together apparently unrelated information.
 3. Symbols potentially can confuse issues because the details are not clearly articulated.
 4. There are two ways of interpreting symbols:
 - a) rational - seek to understand and original and / or intended meaning.
 - b) Intuitive- seek meaning within one's own experience.
- Freudian/Jungian psychology power of the unconscious (book: Seduction of Christianity page 189)

New Age --emphasis on Intuitive Consciousness (book Transcendental Typology page 76)

NLP - bypassing client resistance (ie, belief system) (see Trance-formation page 99) by the way the sda church has been using NLP for years ask the members if they have ever sent one of their church members to LAB 1 Or LAB 2 or it might be called something else.

Symbols work best on man's intuitive side:

a) removes necessity for clear articulation of issues,

--two opposing views may use the same symbol (new age & christians)

--thus reassuring us that "agreement" exists.

Psalms 74:4 "Thine enemies roar in the midst of thy congregations; they set up ensigns (symbols) for signs"

" This entering in of Satan through the sciences is well devised. Through the channel of phrenology, psychology, and mesmerism, he comes more directly to the people of this generation, and works with that power which is to characterize his efforts near the close of probation." {ST, November 6, 1884 par. 2}

Keep in mind that they only have to show you part of a symbol part of the time because the minds subconscious reads it , later on they show you the whole symbol or sometimes they add words with it to tell you what they want the symbol to mean to your minds eye.

HERE IS THE SYMBOLS WE HAVE FOUND IN SDA LITERATURE :LETS STUDY WHAT THEY REPRESENT OR THEIR MEANING FIRST THEN WE WILL TAKE YOU TO THE ACTUAL PROOF THAT THE SDA CHURCH IS USING THEM !

Another variation is the point, or dot, within the circle resembling a bull's eye. You will see this in alot of sda literature and on tv and products in your house hold, this symbol goes all the way back to egypt circle with the dot meaning sun day or sun god day, new age and witch craft read it as Lucifer's sun god day. This is the symbol your local target store uses. SDA's also use it and they mean exactly what it they want it to =sun god day (sunday).

Notice how the world council of churches and the national council of churches and the sda logo all have something in common; wavy lines ~ ~ means: water -people ,sun sails over the water new symbol of the new world order, the wavy line goes back many years its roots meaning the age of Aquarius. They use one or two or three wavy lines to represent the sun sails

over the water (people) new , this is the plan of the new one world church for the day of the sun to sail over the people in a magical boat- the sun's activity .This symbol can appear horizontal or vertical either way--one two or three wavy lines .Also the wavy lines representing flames is also used christians use flames to represent the Holy Spirit but this is spiritualism.The wavy line also represents Lucifer the Lunar serpent. notice the wavy lines on products in your household or on the tv look for the sun the wavy line and the spiral on tv and see if they are there !

now notice how the A with the three wavy lines in adventism matches the three wavy lines in this book sold by the World council of Churches: Which the SDA church has signed their name too this BEM book Baptist Eucharist Ministry

The spiral means many things but mostly =building intuition--seeing with the minds eye, the ancients believed that energy, physical and spiritual, flowed in spiral form. The spiral represents both solar and lunar, masculine and feminine, energies.The spiral also means induce a state of estacy ---celebration The Latter day saints like the spiral so much they built a giganitic church in the form of a symbol

The Triangle was primary form of Pyramid and a sacred symbol, because the Pyramid was typically the Pyramid of Heaven; therefore the triangle is typical of Heaven. In the Egyptian stellar mythology, (the god) Shu...first lifted up the heaven from the earth in the form of a triangle, and at each point was situated one of the gods, Sut, Shu, and Horus...They are the trinity.....The new age triangle can be found in a multitude of shapes and forms, and sizes and is often combined with other symbols such as a circle, the sun, the crescent moon, the square, and the star of david.

The Sun symbol has been revived by the New Age and the SDA church and all denominations. The reason new age leaders and babylonians have latched onto this nonsensical doctrine is clear: It is perfectly consistent with PANTHEISTIC notion that a personal god who loves man does not exist. In worshipping the sun and earth On SUN -DAY as planetary deities, today's devoted New Age believer is, in effect, paying divine homage to and honoring RA and Horus , the ancient Egyptian sun gods, Marduk, the ancient fire god, and Set the god of fire, this is what Lucifer wants man to do worship the sun , His day Lucifer's sun god day.

Yinyang is used frequently in alot of symbols especially in the martial arts, but in religion it means that truth and error or light and darkness can co-mingle, somehow the error and truth may come to a balance in one's life.

Notice these pagan hand signs in pagan temples from around the world we will show you how these hands signs have been appearing on adventist literature, the peace sign used by almost every one in america is actually a pagan occult hand symbol.

Six pointed star : When surrounded by a circle, it represents the "divine mind" (a counterfeit of God's wisdom) to numerous occult groups through the century's. But to the Jewish people , is their star of David. This is not a christian symbol it is a occult symbol but christian's have accepted it as christian. The six pointed star is used by freemason's and others. notice it really is two triangles one pointing down (female) one pointing up (male) also meaning many things

New Age bibles and leaders also teach that the all seeing eye of Horus is the same as the eye of Shiva is the Hindu equivalent of Horus the Egyptian Sun God. There are many versions of the all-seeing eye ,also found on the dollar bill. New Age also believe this all seeing means: let us do the see with the mind's eye for you... Now the Bible says what the eye beholds it becomes now if the new agers do the seeing for you then they take you away from the Bibles truths and into a new age of conciousness.

The next symbol : Yoni kind of a football standing up shape shown to the left meaning : woman (church) in childbirth , womb of the world, a new wonder world, giving birth to the Sun, this symbol con-incides with the suns activity. Notice the shape to the left with a pregnant women about to give birth .This symbol will appear in many forms look below and see how the united nations uses it and how the yoni is used as a globe to represent the earth.

Meetings of the Security Council are held in a special chamber in the Conference Building. Delegates and their assistants sit at the semicircular table. Interpreters and other UN employees sit at the long table in the center.

United Nations meeting notice the yoni on the background wall
